

Polyethylene canoes

Polyethylene Canadian canoes – family comfort and safety on Łupawa & Słupia

At **eKajaki.pl** we focus on equipment that delivers real comfort on the water, a high level of safety and reliable handling during calm family canoe trips, recreational outings and longer expeditions with more luggage. That is why our offer includes only **durable polyethylene Canadian canoes**, proven on the lakes and lowland rivers of Pomerania, including the Łupawa, Słupia and quieter waterways of Kashubia.

We currently offer the **three-person RTM Riviera 464 Canadian canoe**, selected to provide maximum stability, seating comfort and large transport space. It is a model that performs very well during family canoe trips, recreational paddling with children and calm expeditions with gear.

Why choose our Canadian canoes?

- made of durable and impact-resistant **HDPE polyethylene**,
- very stable and safe even for less experienced paddlers,
- comfortable for family trips, calm outings and recreational tours,
- perform well on lakes, channels and quiet lowland rivers,
- provide plenty of room for luggage and high comfort while paddling.

1. RTM Riviera 464 polyethylene Canadian canoe

RTM Riviera 464 is an excellent choice for paddlers who value **stability, comfort and safety on the water**. This model performs very well during **calm family canoe trips, recreational outings and paddling with more luggage**, where predictable handling, ease of use and crew comfort matter most.

It is an ideal canoe for **family and recreational trips**, where seating comfort, generous internal space and stable behaviour on the water are key. It also works very well on **one-day and weekend trips**, when easy access to gear and a calm, touring paddling style are a priority.

RTM Riviera 464 is also a great choice for paddlers who want to go out in **groups of 2–3**, including with a child. In this setup you gain **plenty of transport space**, more room around you and **very high stability**, which translates into a stronger sense of safety and comfort throughout the trip.

Thanks to its open design, the Riviera 464 offers comfortable benches, a wide hull and stable behaviour on the water. It is a great choice for paddlers who want to enjoy calm, comfortable, stress-free trips while keeping freedom of packing and easy access to luggage along the route.

Key advantages of the RTM Riviera 464:

- very high stability and a strong sense of safety,
- ideal for family canoe trips and calm water touring,
- comfortable for 2–3 people,
- generous space for luggage and gear,
- open design makes packing easier,
- comfortable benches improve paddling comfort,
- wide hull increases stability during the trip,
- easy to handle on lakes, channels and quiet rivers,
- durable polyethylene performs well in intensive use.

Technical data:

- length: **464 cm**
- width: **90 cm**
- depth: **37 cm**
- weight: **43 kg**
- maximum load capacity: **295 kg**
- material: **HDPE polyethylene**

Who is the RTM Riviera 464 Canadian canoe best for?

The **RTM Riviera 464** Canadian canoe is a model for paddlers looking for **maximum stability, comfort and space**. It works very well on family canoe trips, recreational paddling with children, calm lake outings and anywhere comfort, safety and freedom of carrying luggage matter more than a sporty character.

It is also a very good option for those who prefer a more open boat than a classic kayak and want to enjoy a calm, touring paddling style, easier access to belongings and greater seating comfort throughout the trip.
