## FAQ – kayaking trip price list

### What does a multi-day trip mean?

A multi-day trip is a trip from 5 days and more. For example, we deliver the kayaks on the first day and collect them on the last day.

### If we want to sleep in one place and paddle a different section every day, what kind of trip will it be?

If we carry out daily start-finish transfers of kayaks, these are one-day trips. For example, if you sleep at our campsite and want to paddle for 3 days on 3 different sections, these are 3 one-day trips, not a 3-day trip.

### What is included in the kayaking trip price?

The price includes the kayak, life jacket, paddle, kayak transport, map or river mileage guide,

accident insurance, waterproof bag and transfer of drivers.

## Do you organize multi-day trips with luggage transport?

## Not sure which option to choose?

Contact us – we will help you choose the route, type of kayak and trip length for your group.
